

Certificate II in Building and Construction (Pathway - Trades) (Carpentry Pre-apprenticeship)

National ID: 52893WA | State ID:AD12

Do you have a desire to work in construction working with timber?

Carpenters and joiners construct, install, renovate and repair structures and fixtures made of **wood, plywood, wallboard** and other materials, and **cut, shape and fit timber parts to form structures and fittings.**

When you complete this pre-apprenticeship you'll be what employers are looking for as an apprentice carpenter and joiner. Give yourself a better chance of gaining an apprenticeship and a flying start in learning a trade.

Your qualification prepares you for roles such as:

Carpenter and Joiner Assistant

The latter stage of the course provides the learner with a choice to complete specific competencies from a particular trade stream that lead directly into a trade qualification, with full articulation and credit transfer, when seeking an apprenticeship.
