

Certificate III in Aviation (Cabin Crew)

National ID: AVI30219 | State ID:BER6

Are you ready to let your dreams soar?

When you complete the Certificate III in Aviation (Cabin Crew), you will be recruitment-ready for an exciting career as a flight attendant or cabin crew member.

You will gain valuable experience and skills in emergency response drills, first aid, responsible service of alcohol, teamwork and customer service, and preparation for cabin duties. You will gain confidence in dealing with difficult passengers on an aircraft with crew member security training.

Your qualification prepares you for roles such as:

On completion, you will be recruitment ready and have a thorough understanding of the requirements for cabin crew members (flight attendants) in the commercial airline industry.

Please note that for recruitment of staff, 18 years is the minimum age for most commercial airlines due to the Responsible Service of Alcohol standards. Please check the respective airlines for verification of employment age requirements.
