

Certificate IV in Maritime Operations (Master up to 45 metres Near Coastal)

National ID: MAR40320 | State ID: BFW3

Become a master, chief mate or watchkeeper on vessels

When you undertake this AMSA-accredited course, you will be guided by experts, while expanding your maritime skills, from crew leadership to emergency procedures. Learn voyage planning, weather forecasting, cargo management, and vessel maneuvering.

Progress to the next level in maritime operations and navigate your career towards your dream job at sea.

This course will qualify you to work as a:

- Master on commercial vessels up to 45 metres long within the exclusive economic zone (EEZ).
- Master on vessels up to 80 metres long in inshore waters.
- Chief mate or deck watchkeeper on vessels up to 80 metres long within the EEZ.

Gain these skills:

- manage loading, discharging and stowing of cargo
- manage vessel stability
- slip or dock a vessel and maintain hull on a vessel up to 80 metres
- plan and supervise routine maintenance on a vessel up to 80 metres
- manage a propulsion unit using appropriate engine systems and support services
- monitor and manage vessel operations
- operate deck machinery and steering gear on a vessel up to 80 metres
- apply basic survival skills in the event of vessel abandonment
- follow procedures to minimise and fight fires on board a vessel
- meet work health and safety requirements
- manage and maintain a navigational watch on board vessels up to 80 metres
- manoeuvre a vessel up to 80 metres

Your qualification prepares you for roles such as:

Ship's Masters

Further Study Option(s)
