

Certificate III in Dental Assisting

National ID: HLT35021 | State ID:BGW7

Learn in our new purpose built dental facilities

You'll gain a broad range of skills from assisting chairside to reception work and the management of supplies. You'll also have the opportunity for industry experience by taking part in work placements.

If you've ever thought about being a part of this essential profession then this is the perfect qualification to get you started.

As a **Dental Assistant**, you will be responsible for preparing the surgery, **assisting the dentist chairside, processing and sterilising all of the instruments** and cleaning the surgery. You will also develop skills in **reception work** and the **management of supplies**.

On successful completion of your Certificate III in Dental Assisting, you will have skills and experience relevant to current industry standards, trends and practices.

As a part of this qualification, you will have the opportunity to take part in work placements at private dental practices, other dental organisations or at the OHCWA, giving you real experience in the industry in both privately run and government facilities.

Gain these skills

By the end of the course you'll be able to:
