

UEE21911 Certificate II in Electronics

National ID: UEE21911 | State ID:A113

Looking for an electrifying career path?

When you complete the Certificate II in Electronics, you will be flicking the switch on a new career in electronics. Discover an introduction to the world of **electronics** and gain the knowledgeable and practical workshop skills.

You will develop the ability to select, assemble, set up and maintain electronic devices following prescribed routines.

Gain these skills:

- assemble and replace **electronic components**
- troubleshoot **DC circuits**
- use **test equipment**
- utilise workplace health and safety and sustainability practices

This qualification will prepare you for higher-level studies, which are strongly recommended to enhance your employability skills.

Your qualification prepares you for roles such as:

Successful completion of this qualification provides you with the opportunity to gain entry level positions in sales and testing of electronic equipment or gain an apprenticeship/traineeship in electronic servicing. You will need to be employed and registered as an apprentice/trainee before you can commence apprenticeship/traineeship training. Successful completion of this qualification could lead to a career in electronics, as an Electrical Assistant, Electronics Technician and Electrical or Telecommunications Trades Assistant.

Further Study Option(s)

Certificate II in Data and Voice Communications, Certificate III in Electronics and Communications, Certificate IV in Electronics and Communications
